

NEW FACTORY WILL COME TO SOUTH BEND

Crown Lumber Co. of Woodstock, Can., to Occupy Former Skein Works Plant.

Announcement was made Tuesday morning by Chairman William Hupp of the industrial committee of the Chamber of Commerce that the Crown Lumber Co. Ltd., of Woodstock, Ont., will locate in South Bend within the next few days. It was further announced that three other manufacturers are now negotiating through the Chamber of Commerce for local locations. It is expected that definite news of an encouraging nature will be made in a few days.

The new lumber company will engage in the manufacture of bent goods such as window sills and sash runners. The installation of machinery will be begun immediately.

The property of the Wire Binds corporation, formerly the Sandage steel works, located at Fellows st. and the Lake Shore tracks, has been secured and it is anticipated that the plant will be equipped and ready to put in operation within 30 days.

The officers of the company are A. J. Wilkes, president; W. C. Duffus, secretary; R. W. McPherson, treasurer and manager. All of these men have been here at various times investigating conditions. It was only within the past fortnight that a definite contract for a location was made. Mr. Duffus, who is now here installing the plant, will probably remain as the local representative of the company.

"The plant was secured largely because of the fact that there was no factory of this sort here although there was a considerable local market for the product available," said Mr. Hupp Tuesday. "The conditions of labor, living conditions and transportation and market were also found satisfactory on investigation. The principal markets outside of Indiana will be Minnesota, Wisconsin, Illinois and Michigan."

DENVER, Colo., March 2.—June Swensen, 21 years old, a nurse at St. Joseph's hospital, reported to the police Monday she had been robbed of a letter of credit on the bank of England for \$77,000 and a draft for \$500 on the same institution. The girl suspects two men she claims followed her from England after she received an inheritance through the death of her father and uncle. The authorities called the London bank to refuse payment if the order is presented.

GEN. PAU AT PETROGRAD

French Army Officer to Aid Russians in Campaign.

PETROGRAD, March 2.—Gen. Pau, the famous one-armed French commander, arrived here Monday and was enthusiastically welcomed.

The unbeaten soldier, who from the beginning of the war until the middle of December commanded the French forces in Alsace, since the holidays has been on the Russian front co-operating with the Russian strategists in the conduct of the eastern campaign. It has been hinted that his visit has to do with making arrangements with the Russian general staff with a view to combined control in future operations.

CONGRESSMEN ARE ANXIOUS TO QUIT

Only Hitch in the House Develops When Democrats Attempt to Bring Up Ship Purchase Bill—Four Days Left.

WASHINGTON, March 2.—With four days left of this session the house and senate today speeded up to get through their work. The only hitch developed in the house where Minority Leader Mann conducted a filibuster of his own long enough to prevent the democrats bringing up the ship purchase bill.

The house agriculture committee reported the Hollis rural credits bill as a sub-amendment to the agriculture appropriation bill in place of the McCumber amendment put on in the senate. The house then took up the bill.

The house sent the military academy bill to conference.

The house adopted the conference report on the judgeship for the southern district of Georgia and several pension bills.

The conference report on the sundry civil bill carrying \$126,922,750.79 was adopted by both the house and senate.

The senate adopted the conference report on the military academy bill carrying \$1,069,831.37.

The senate passed a resolution for an investigation of the need of the war department taking over control of the terminal bridge at St. Louis, Mo.

FAIL TO MEET

WASHINGTON, March 2.—The proposed investigation into the election of Sen. Penrose of Pennsylvania and the senatorial election in Illinois, at which Roger Sullivan was defeated, together with the preliminary primary elections, in all probability will go over until the new congress convenes.

The committee that controls the contingent expenses of the senate, failed today to obtain a quorum and no meeting was held. No further meeting will be called at this session.

ATTEMPT TO KILL TWO TURK MINISTERS

Plotter Are Betrayed and Numerous Executions Have Been Ordered.

PARIS, March 2.—The Paris Temps states that a second abortive attempt was made upon the lives of Talaat Bey, Turkish minister of the interior, and Enver Pasha, minister of war, on Saturday night in Constantinople. The attempt failed because of the betrayal of the plotters and numerous executions have been ordered of persons—many of them of prominence officially—connected with the plot.

The latest attempt against the lives of the leaders of the young Turk movement was made in January following a mutiny in the ranks of the Turks. At this time 17 Turkish officers, many of whom had distinguished themselves in the Balkan war, were executed.

GIRLS! GIRLS! YOU MUST TRY THIS! DOUBLES BEAUTY OF YOUR HAIR;

For 25 Cents You Can Make Your Hair Lustrous, Fluffy, and Abundant.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust,

dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's treatment and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.
